The 20 Most Visited United States National Parks in 2022

Total Park Visitors, 2022

The 20 most visited US National Parks in 2022 span 15 different US states, with Utah having the most parks at 3. The Great Smoky Mountains has been in the most visited National Park every year since 1944, and drew a staggering 12.9 million visitors in 2022. That's 2.7 times more people than the second most visited National Park, the Grand Canyon, and more than 1.5 times the population of New York City!
